DEAR Commissioner HENNEY, 5/10/89

As a member of the Center for Science in the Public Interest (C.S.P.I.), I + my husband both urge you to save human lives by ~~save~~ ^{MAY 10:42} ~~use~~ ^{10:42} medically useful antibiotics in animal feed. Adding them to feed in order to promote growth can make bacteria resistant to those antibiotics. AND that can LEAVE physicians with no way to treat life-threatening bacterial infections in humans. That's why we support the petition filed by C.S.P.I.

Sincerely,
Robert + Nancy Schoonover
